Discovering Watercolor

Welcome to the fresh face of Discovering Watercolor! Beginners and students farther along in their journey are welcome. Beginners will be lead through a process starting with simple subject matter and graduating to more complex use of color and diverse subject matter. Those joining us for the first time are welcome to purchase the starter kit for \$40, and those who have their own supplies are welcome to use those.

To begin:

- Learn about different types of brushes and their intended use and proper care
- Understand the water to pigment ratio and how to establish consistent results
- Establish a basic understanding of the different types of paper and their intended use
- Learn to use salt, alcohol, sponges, erasers, saran wrap to enhance your experience
- Become familiar with the different types of watercolor, ink, gouache, and pastel

For those farther along:

- Feel free to bring projects in progress
- Explore options you may not have considered in the past
- Or brainstorm about the direction you would like to go next
- Lastly, explore introducing aspects of mixed media into your work in subtle ways. This would include graphite infused water colors, charcoal, pastels, and much more.

Introduction To Mixed Media Drawing

Unlock your artistic potential and embark on a transformative journey into the practice of mixed-media drawing. Join our immersive 8-session course, designed to introduce you to the world of combined mediums and materials, while nurturing your fundamental drawing skills.

In this course, perfect for beginners with little to no prior experience, you will be guided to develop a solid foundation in drawing techniques and explore the possibilities of mixed media. Each week, you will dive into a new concept or technique, building your skills gradually and gaining confidence in your artistic abilities.

Through a balanced blend of practical demonstrations, and hands-on exercises, you will learn the basics of drawing while exploring the exciting potential of combining various mediums. Discover the expressive qualities of graphite, ink, charcoal, pastels, watercolors, and more as you experiment with their unique characteristics and learn how to harness their strengths in your artwork.

Throughout the course, we will explore composition, line, shape, value, and color, as well as methods for adding texture and dimension to your drawings. From layering techniques to blending and creating dynamic contrast, you will acquire a range of skills that will enhance the impact and visual appeal of your mixed media creations.

In addition to technical skills, you will also be encouraged to develop your creativity and personal style. The course will inspire you to think outside the box, experiment with different approaches, and embrace the freedom of self-expression. By the end of the 8 session journey, you will have gained an understanding of mixed media drawing techniques and developed a diverse collection of artwork that showcases your progress and newfound skills.

The instructor will send out a materials list before the class starts.

Certified Medical Assistant Training Program

A medical assistant is a multi-skilled allied health care professional that specializes in procedures commonly performed in the ambulatory health care setting. Medical assistants perform both clinical and administrative duties and assist a variety of providers including physicians, nurse practitioners, and physician assistants. They typically work in medical offices, clinics, urgent care centers and may work in general medicine or specialty practices. This program will prepare you for the CCMA exam. This course combines 187.50 hours of classroom instruction with a 120 hour externship.

Requirements: Students must be 18 years of age or older; have proof of H.S. graduation or GED; be proficient in keyboarding; understand computing and word processing; have command of the English language and math; have internet access, printing capabilities and an email address. All eligible students must be able to pass drug and background checks.

Cancellation Policy: No refunds for this program, please choose carefully.

Essentials of Tai Chi

The soft flowing movements of Tai Chi help people of all ages tone the body, increase concentration, and improve circulation. Gentle turning and shifting movements relieve stress and exercise every part of the body without strain. Tai Chi energizes the body and calms the mind while improving balance and flexibility.

Albert Balagso is a senior student of Tai Chi instructor, Sifu Richard Ahrens, studying with Richard for the last five years.

Assessment Process

- Please contact our support staff to fill out an application or you can fill out one online here: www.gavilan.edu/welcome/index.php
- Our staff will schedule an appointment with you for an assessment and orientation session.
- Several things will happen during the assessment and orientation session. First, you will receive information about our program. Then, you will be interviewed and receive a score. Next you will discuss your options with our placement specialists to help you choose classes that meet your needs and goals.
- Our counselor is available at every assessment event to help with any of your concerns or questions.

During the first week of class, ESL instructors assess students to check that they are placed in the appropriate class. Sometimes, the assessment shows that a student is in a class that is too high or too low for their level. If this happens, the department chairs and Continuing Education Counselor discuss moving the student to another class. The team talks with the student so that any changes fit the student's goals and English level. This level adjustment happens with very few students, less than 5% per term.

Proceso de evaluación

- Comunícate con nuestro personal de apoyo para llenar la solicitud o igual, puedes llenar en línea tú mismo: www.gavilan.edu/welcome/index.php
- Nuestro personal programará una cita contigo para una sesión de evaluación y orientación.
- Varias cosas sucederán durante la sesión de evaluación y orientación. Primero, recibirás información sobre nuestro programa. Luego, serás entrevistado y calificado. A continuación, escucharas opciones junto con nuestros especialistas en colocación para ayudarte a elegir las clases que satisfagan tus necesidades y objetivos.
- Nuestro consejero está disponible en cada evento de evaluación para ayudarte en cualquiera de tus inquietudes o preguntas.

Durante la primera semana de clases, los instructores de ESL evalúan a los estudiantes para verificar que estén inscritos en la clase adecuada. A veces, la evaluación muestra el estudiante está en una clase que es demasiado alta o baja para su nivel. Si esto sucede, los jefes de departamento y el consejero de Educación Continua analizan el traslado del estudiante a otra clase. El equipo habla con el estudiante para que cualquier cambio se ajuste a las metas y el nivel de inglés del estudiante. Este ajuste de nivel ocurre con muy pocos estudiantes, menos del 5% por trimestre.
